Stepan Nikulenko

Technical Lead — Mobile Engineer

Buenos Aires, Argentina · +54 11 6288 6628 · stepannikulenko@gmail.com · linkedin.com/in/stepann

SUMMARY

Senior software developer and technical lead with 15+ years of experience building React Native applications using TypeScript and Redux, with strong native development skills in Objective-C/Swift and Java/Kotlin for SDK integrations and native modules.

Experienced in CI pipeline integration (Bitrise, App Center), comprehensive unit testing (Jest, React Native Testing Library), and leveraging Node.js to build tools and automate processes. Works closely with product and design teams to translate business requirements into actionable technical specifications, mentors developers, and ensures smooth integration of applications with server-side APIs and services.

EXPERIENCE

Goalsetter · Oct 2021 – Jun 2026

Full-Stack Engineer — Classroom (EdTech Platform) Feb 2025 – Jun 2026

- Designed and built web applications and backend microservices for Classroom, Goalsetter's new EdTech platform, using Node.js, TypeScript, and PostgreSQL.
- Architected RESTful APIs and services powering the platform, focused on scalability, performance, and maintainability.
- Integrated AI-augmented development workflows (Claude Code, Cursor) to accelerate delivery and raise code quality across the team.
- Partnered with product and design to translate business requirements into technical specifications and shippable features.
- Maintained code quality standards through code reviews, automated testing, and CI pipelines.

Technical Lead Jan 2023 – Feb 2025

- Collaborated with product management and design teams to translate business requirements into actionable technical specifications and project plans.
- Wrote, enforced, and maintained code quality standards to ensure code integrity, readability, and maintainability.
- Conducted regular code reviews and integrated React Native applications with server-side APIs and services.
- Oversaw the development of user interfaces delivering exceptional user experiences, and partnered with QA on testing and bug-resolution processes.

Mobile Engineer Oct 2021 – Mar 2023

- Developed and maintained cross-platform React Native features, collaborating with cross-functional teams to deliver high-quality mobile experiences.

MediaMonks

Lead React Native Developer Jul 2017 – Sep 2021 · *Greater Buenos Aires, Argentina*

- Led the end-to-end development of React Native mobile applications, ensuring high standards of quality, performance, and user experience.
- Architected scalable, efficient solutions following best practices to optimize app performance and maintainability.
- Mentored and guided junior developers, fostering a culture of continuous learning, and conducted regular code reviews.
- Acted as technical leader on architectural decisions, code organization, and performance optimization, communicating progress to stakeholders.

Ilcacto Digital

Technology Director Dec 2014 – Dec 2016 · *Buenos Aires*

Sia Interactive

Developer Aug 2011 – Dec 2013 · *Buenos Aires*

- Built Adobe Flash games and interactive multi-touch applications; focused on iOS development delivering high-quality native applications.

Three Melons / Playdom / Disney

Game Developer Jul 2010 – Jul 2011

- Social game development.

Hoopla

Flash Developer Feb 2009 – Jul 2010

- Flash websites, Facebook apps, ActionScript 3.0 development.

EDUCATION

IUNA — Multimedia Art (2010 – 2014)
Colegio Comercial N°26 — Comercial

SKILLS

React Native, TypeScript, React, Redux, Node.js, PostgreSQL, Objective-C/Swift, Java/Kotlin, REST APIs & microservices, Jest & React Native Testing Library, CI/CD (Bitrise, App Center), AI-augmented development (Claude Code, Cursor).
